by **BONDHUS**

## Pivot Head Hex and TORX® Wrenches

- Fits Inch and Metric Hex, TORX®, and Star screws
- Available in 25 sizes to cover most fastener heads
- Heat treated high quality industrial tool steel
- Long handles for extra reach
- Matte chrome finish to prevent corrosion
- Lifetime Warranty

The short arm rotates on a hinge at the end of the long arm and can be used at any angle from 90° to 270°. This feature makes it easy to reach screw heads that are located in hard-to-reach places.

Working against an obstruction is no problem for Bondhus Pivot Head Wrenches. The unique time-saving flip & turn feature eliminates constant removal and repositioning of the tool.

This precision machined tool features smooth surfaces and radiused edges where the users hand holds the tool, making it comfortable to use.

### LIFETIME WARRANTY

HexPro™ tools are manufactured to the exacting specifications of Bondhus Corporation. Bondhus offers a **LIFETIME WARRANTY**. If any HexPro™ tool breaks or fails to meet your expectations in any way, simply return it. We will replace it free of charge.

Pivot Head Hex and TORX® wrenches allow tool users to insert wrench into socket head screw one time, pivoting around obstacles.

Joints are engineered to be as small as possible without weakening the tool.

Forged hinges provide a simple, effective, patented design. Fewer pieces make Pivot Head Hex and TORX® wrenches stronger and less likely to break than competitors.

Available with or without Pouch
